

## **Power Plant Electrical Owner Representative**

Tyr Energy, Inc. (TEI) owns equity interests in North American independent power projects (IPPs) throughout the United States and provides asset management services to many of its projects through its Tyr Energy, LLC (TEL) subsidiary. TEI represents the North American cornerstone of the ITOCHU Corporation global IPP strategy. Worldwide, ITOCHU owns interests in or develops independent power facilities across the globe, with particular focus in Asia and Europe. TEI is actively pursuing additional acquisition and development opportunities with a focus in North America and potential expansion to Latin America.

Tyr Energy Construction Management, LLC (TECM), a wholly owned subsidiary of TEL, is now seeking a qualified Owner Representative with strong electrical experience to oversee construction of a 1,000 MW combined cycle power plant 45 miles northwest of Pittsburgh in New Castle, PA. This is a full-time, contract position located at the project site with an immediate start and a term of approximately 24 months.

Duties include:

- Review contractor and OEM drawings, specifications, and design basis documents.
- Monitor construction activities to ensure contract requirements are met.
- Assess the general quality of construction activities.
- Monitor actual vs. planned progress.
- Inspect construction site to ensure safe working environment is maintained.
- Prepare written daily reports on job status.

Qualifications include:

- Substantial construction site experience.
- A safety mindset with demonstrable ability to identify safety issues and respond to same.
- Ability to work closely and collaboratively with owner representatives, site managers, contractors, suppliers, regulatory representatives, and others directly involved in the construction project.
- Expertise in electrical equipment present in a power plant (high voltage switchyard experience is a plus).
- Knowledge of construction processes, means, and methods.
- Knowledge of construction industry rules, regulations, and quality standards.
- Time management skills.
- Ability to work independently with minimal supervision.

Candidates should submit resume and desired fee to [TyrEnergyConstruction@tyrenergy.com](mailto:TyrEnergyConstruction@tyrenergy.com). Parties selected will be required to enter into an independent contractor agreement with, and on terms acceptable to, TECM.
